

Good Christians never fightor do they?

It has been years since I've talked to my parents, but I still can't forgive what they did.

The pastor needs to go, or we're out of here!

With all the fighting we do, divorce seems like the only answer.

How could someone who calls himself a Christian treat people the way he does?

Christians can and do fight like everyone else. When we do, relationships wither, businesses and careers suffer, and our witness for Jesus is weakened.

You can reverse this pattern. Learn what God has done and is doing for you in His ministry of reconciliation. In one day of Bible study, learn what it means to be reconciled – to God and to others.
