2nd Annual Creation Conference Friday & Saturday October 18-19, 2019

Who should come?

Pastors will learn about creation resources and ways to share the biblical truths.

Parents will have the opportunity to ask questions about what is being taught in schools and the impact that education has on our children. Youth will learn, grow, and question the things they see on television, movies, and in text books.

This would be an excellent event for families, confirmation groups, youth groups, and those who are interested in the biblical truths about creation.

2nd Annual Creation Conference

Friday & Saturday, October 18-19, 2019

Lutheran Island Camp and Christ Serve Academy are pleased to offer the second annual Creation Conference. It will be held at Lutheran Island Camp on Friday, October 18 and Saturday, October 19, 2019. This year's conference is being done in cooperation with Creation Ministries International and will feature noted speaker Joel Tay of CMI.

A free will offering will be accepted to defray the costs of the speaker and presentations. Cost of meals and lodging are \$40 for a commuter rate and \$70 for the two day event. Registration is available online or by completing the attached registration form.

SPEAKER

Joel Tay completed a Bachelor of Science from the University of Queensland (Australia), majoring in two fields of studies: Evolutionary Biology and Genetics, with the sole purpose of increasing his own apologetics arsenal to the non-believer.

Due to his street evangelism ministry Joel has serious 'street cred!' As he would often say, "There were two questions that would be raised every single week as objections against the Christian faith. 1) Creation vs. Evolution. 2) If God is good, how can there be so much evil in the world?" Answering both questions requires going back to the biblical foundation of Genesis. Joel has a desire to

see Christians equipped and strengthened in their faith by showing them how the scientific evidence makes more sense when correctly interpreted through a biblical lens.

In 2011, Joel obtained a Master of Divinity (Theology) from Trinity Theological College in Singapore. In 2014, Joel moved to Fort Worth, Texas, USA. He graduated in 2016 with a Master of Theology in Systematic Theology from Southwestern Baptist Theological Seminary, with an emphasis on philosophical theology especially as it relates to the subject of Christian Theodicy.

Joel is now part of CMI's team of specialists where he speaks, researches and writes on science/theology/creation based subjects. In his spare time he is an avid fossil collector and loves entertaining children. He is a previous winner of Singapore's largest street illusionist competition. Currently, Joel and his American wife have one young daughter.

GET ANSWERS

Does God exist? How can anyone believe in religion when science has neither a need nor a place for God? Is evolution happening today? If God is a God of love, why do we suffer and die?

Creation Ministries International is coming to your area soon with answers to these important questions. Come and hear Joel Tay expose the bankruptcy of the evolutionary myth. You'll be amazed to see how weak the scientific evidence for evolution is.

This is an issue that affects everyone. Evolution teaches us there is no need for God, there is no spiritual realm, and there is no afterlife. According to the theory, spirituality is just an evolutionary trick of the mind!

The Bible gives a very different picture about the nature of these things. At this presentation, you will learn how the scientific evidence, when properly understood, confirms the details of the biblical account. At the same time, we will answer many of the Big Questions.
