

# 2nd Annual Creation Conference

Friday & Saturday  
October 18-19, 2019

## Who should come?

Pastors will learn about creation resources and ways to share the biblical truths.

Parents will have the opportunity to ask questions about what is being taught in schools and the impact that education has on our children. Youth will learn, grow, and question the things they see on television, movies, and in text books.

This would be an excellent event for families, confirmation groups, youth groups, and those who are interested in the biblical truths about creation.

Does God exist? How can anyone believe in religion when science has neither a need nor a place for God? Is evolution happening today? If God is a God of love, why do we suffer and die?

Creation Ministries International is coming to your area soon with answers to these important questions. Come and hear Joel Tay expose the bankruptcy of the evolutionary myth. You'll be amazed to see how weak the scientific evidence for evolution is.

This is an issue that affects everyone. Evolution teaches us there is no need for God, there is no spiritual realm, and there is no afterlife. According to the theory, spirituality is just an evolutionary trick of the mind!

The Bible gives a very different picture about the nature of these things. At this presentation, you will learn how the scientific evidence, when properly understood, confirms the details of the biblical account. At the same time, we will answer many of the Big Questions.

## SPEAKER

**Joel Tay** majored in Evolutionary Biology and Genetics, with the sole purpose of increasing his own apologetics arsenal to the non-believer. Joel has a desire to see Christians equipped and strengthened in their faith by showing them how the scientific evidence makes more sense when correctly interpreted through a biblical lens. Joel is now part of CMI's team of specialists where he speaks, researches and writes on

science/theology/creation based subjects. In his spare time he is an avid fossil collector and loves entertaining children. He is a previous winner of Singapore's largest street illusionist competition. Currently, Joel and his American wife have one young daughter.
