

Lutheran Island Camp Presents The 2019 Polar Plunge

Tips for Fundraising

- Get a Thrivent action team to help cover travel, food, lodging, and other expenses for the Polar Plunge
- Have each person set donation goals that each come with a new challenge that they will complete. For instance, they'll jump if they raise \$100, do it in costume if they raise \$200, and belly flop if they raise \$500.
- Offer to let the biggest donor push you in.
- Get your pastor or DCE to agree to jump in if you reach your fundraising goal.
- Set up donation jars in your church fellowship hall with different people's names in them. Whoever gets the most money has to wear a costume while jumping. If you have multiple pastors/parish staff, have them put their names on jars and have the highest money jar jump.
- Raise \$120 in five days!
 - o Day 1: Ask three friends for \$10
 - o Day 2: Ask three relatives for \$10
 - o Day 3: Ask two neighbors for \$10
 - o Day 4: Ask one friend/relative for \$20
 - o Day 5: Put in \$20 yourself!
