*Genesis 1:1 ff*

# First Event!!

Christ Serve Ranch is located 3 miles from Lutheran Island Camp.

God has blessed us with a wonderful gift! Through donors, investors, and the hundreds of people who have provided prayer support, we have now been able to move ahead

with the purchase of Christ Serve Ranch. The Ranch will be the site where many of our Creation-Science programs will be held.

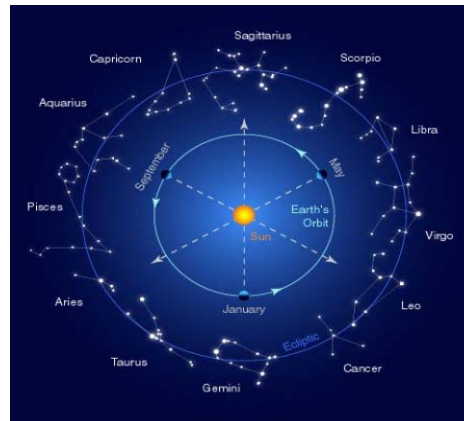

Christ Serve Ranch is 275 acres located 3 miles from Lutheran Island Camp. It has at least 7 different biomes, providing wonderful opportunities for participants to learn about God's gift of science. Instructors from around the country will join us to share their expertise in science, apologetics, Biblical scholarship, leadership, and evangelism.

We invite you to join us for the very first program to be held at Christ Serve Ranch. It will be held on January 6-8.

## Brilliant skies

Reverend Carl Noble of St. Paul Lutheran Church in Perham will be leading the first retreat at Christ Serve Ranch. His topic will be "The Story Of Jesus In The Stars". Pastor Noble is a noted amateur astronomer and has led retreats at Lutheran Island Camp in the past. Pastor Noble has an extensive collection of beautiful photographs of stars, galaxies, and other astronomical phenomenon.

Weather permitting, we'll be taking our telescope, binoculars, and cameras out to search the skies for God's creation in the heavens.

**The heavens proclaim his righteousness, and all peoples see his glory. Psalm 97:6**

## The Creation-Science Environmental Learning Center.

Believed to be the first environmental learning center devoted exclusively to teaching creation-science, C-SELCC is located on Christ Serve Ranch. This 275-acre piece of property has at least 7 biomes, including lake, pond, prairie, native forest, cultivated forest, lawn, and meadows. It has abundant wildlife reflective of the region, including white-tail deer, turkeys, fox, waterfowl, forest rodents, prairie wildlife, and over 70 species of birds. The woods and prairie contain plant life that includes the most common to the very rare.

This event open to ages 14 and older including adults.
