Frequently Asked Questions

1. What sort of activities will be offered?

Our staff cater the activities to the abilities and wishes of the campers. We cannot guarantee these specific activities every week, but usually they are a few of: pontoon ride, kayaking, archery, crafts, hiking, dodgeball, kickball, and many more!

2. Will the Bible Studies be the same every week?

No they will not, since many of our day campers come for multiple weeks, we will be running a full summer bible study curriculum, designed so campers who are only here for one week can still participate and not be lost, while campers that are here for the full summer can enjoy learning different things about the Bible every week.

3. Will the activities be the same every week?

No they will not, while every week we will try to do certain activities (pontoon ride, archery, crafts, kayaking), we will also be switching up activities every week.

4. I see there are two weeks at the ranch, do those qualify under the full summer day camp plan?

Yes they do!

5. If my child does not come for ranch day camp, will they have an opportunity to go to the ranch?

Every week we will try to find time in the schedule to take a trip to the ranch to do some activities for a day, these include, but are not limited to: pony petting, challenge course, science experiments, and hiking.
