

About Lutheran Island camp and the C-SELC

Lutheran Island Camp provides quality, Christ-centered programs for people of all ages. Located on a 67-acre island in the middle of East Battle Lake, our setting is unique and beautiful. We have facilities for up to 200 people including a retreat center, cabins, excellent waterfront, recreation areas, horseback riding, a beautiful chapel, and excellent food.

Program participants should plan to bring their own bedding, personal items, and towels.

A map with directions to the camp will be sent along with confirmation of receipt of your registration. You can also visit our website for more information.

## Fall Creation Photography Camp

**October 7-9, 2011**

Lutheran Island Camp  
Henning, MN 56551

Tel: 218-583-2905

## Creation Photography and Art

Join other photographers and artists who have a special desire to learn how to capture *God's* magnificent creation through their art. Led by a professional photographer, you'll see nature as it gives birth, blooms, takes to the sky, and brings forth beauty.

**Ages:** 19 and older This program is intended for older youth and adults.

**Dates:** October 7-9

**Cost:** \$85

**Deposit:** \$25

One of at least 20 varieties of dragonflies we'll see.

# Fall Creation Photography Camp

Creation-Science is the study of how God manifests Himself through us and the universe that surrounds us.

God has given us a wonderful gift in the universe that surrounds us. We have been given an additional gift in our ability to capture that beauty through photography and art. This is going to be a great week for photographers and artists of all skill levels.

We've brought in nationally known outdoor photographer Brad Veenstra. Older youth and adult age 16 and older will have great experiences in capturing nature, taking portraits with animals, learning about their cameras, different ways to express their photos and art and so much more.

We hope that much of the program will be done at the Creation-Science Environmental Learning Center at Christ Serve Ranch. That 275 acre property will be available to us.

Christ Serve Ranch has 7-8 biomes and is home to nearly 100 species of birds, many flower and tree varieties, deer, turkeys, fox, and many other wild animals, insects, and flowers and grasses.

Capturing a moment in a child's life is priceless.

## Topics

Some of the experiences and topics include:

- Sunsets Abstracts
- Reds Sunrise
- Birds The Beach
- Clouds Wild animals
- Macro Silhouettes
- Nighttime Action
- Reflections Fill Flash
- Flowers Near/Far composition
- Monochrome Insects
- Stormy Weather Backlight.

## Other Activities

We'll also be spending time studying God's Word using the theme "Reflecting His Light". This theme will be expressed not only through the study of God's Word and devotions, but also through your artistic abilities.

There will be no typical day as we'll need to modify our days according to light, weather, and other conditions. Campers will have plenty of opportunity to enjoy great camp activities and meals either as participants or as recorders using still and video cameras.

Using Reflection will be one of the topics that will be covered.

Contrasting colors can provide a combined beauty.

## What To Bring:

In addition to the packing list that will be sent to you for general camp activities, participants in the Photography and Art Camp will want to bring:

**Photography campers:** camera (and film if needed), lenses (if you have them), tri-pod (if you have one) a good bag to carry camera, a portfolio or container to carry your photos in.

We also suggest that all campers bring long sleeved shirts, long pants, hiking boots (if you have them) cap or

hat, sun block, water bottle, back pack, insect repellent, and light weight garden gloves.

Please be aware that certain shots may take a great deal of time in one place.

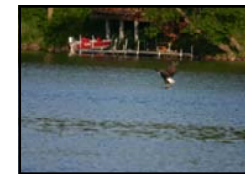

There is beauty even in destruction.

Fall is the perfect time to find ducks, geese, turkeys, deer, fox, and beautiful trees.

Eagles are a favorite to photograph.

An eagle in flight and grabbing a fish takes timing, preparation, and a little bit of luck.
